REGISTERED MEMBER QUALIFICATIONS:

A Registered Member is a scientist, engineer or technologist who is involved with the discovery, extraction and utilization of minerals, metals and energy sources. The membership includes geologists, geoscientists, mining engineers and metallurgists, environmental engineers, and other scientists, engineers and technologists.

A person eligible for election or transfer into the class of Registered Member shall have 1) a university degree from a U.S. accredited university or a recognized international university, and 2) a minimum of seven (7) years of professional experience, of which at least three (3) must have been in a position of responsibility, defined as one in which the individual was depended on for significant participation and decision making relevant to their respective area of competency and that the applicant is capable of scoping, supervising and checking relevant work to ensure it meets industry standards.

University degree must be in fields related to the discovery, extraction and utilization of minerals, metals and energy sources. Applicants must submit a copy of their signed University Degree and a copy of transcripts that confirms graduation.

Professional experience must be in the mineral and extractive industries, or in government, educational, research, professional or commercial organizations concerned with those industries and members are understood to have experience and worked in areas related to reserves and resources.

Every Registered Member shall observe and be bound by the SME Code of Ethics as published by SME.

Any alleged breach of this code or any alleged unprofessional conduct by a Registered Member which may be brought before the Ethics Committee shall be investigated and, if proved, shall be dealt with in accordance with the procedures.

SME and its Agents are not responsible for work performed on behalf of a Registered Member. See the Registered Member Code of Ethics and Disciplinary Procedure for more information.

Applicants must demonstrate that they satisfy at least **ONE OF THE FOLLOWING:** (and must provide proof of current License/Certification)

REGISTERED MEMBER CONDITIONS

- Licensed or Certified in a state of the United States that is a member of the National Association of State Boards of Geology (ASBOG).
- Certified by the American Institute of Professional Geologists (AIPG) as a Certified Professional Geologist.
- Professional Engineer (PEng) licensed or certified in a state of the United States or in a province in Canada
- Professional Geologist (PGeo) in a province in Canada OR
- You may apply if you do not meet the above criteria but you will need to provide three Registered Member verifiers.

(Those endorsing you must complete an individual Verification Form and must have first-hand working knowledge of the applicant. The verifiers should be familiar with the applicants work for a minimum of 6 months. Verifiers must be SME Registered Members.) If you cannot locate 3 verifiers, please contact Kendra at elrod@smenet.org for possible alternatives.

REGISTERED MEMBER SME CODE OF ETHICS

(Interpretation of the Code of Ethics along with Admission, Resignation and Disciplinary Procedures can be obtained from SME or at www.smenet.org)

1. The responsibility of members for the welfare, health and safety of the community shall at all times come before their responsibility to the profession, to sectional or private interests, or to other members.
2. Members shall act so as to uphold and enhance the honor, integrity and dignity of the profession.
3. Members shall perform work only in their areas of competence.
4. Members shall build their professional reputation on merit and shall not compete unfairly.
5. Members shall apply their skill and knowledge in the interests of their employer or client for whom they shall act, in professional matters, as faithful agents or trustees.
6. Members shall give evidence, express opinions or make statements in an objective and truthful manner and on the basis of adequate knowledge.
7. Members shall continue their professional development throughout their careers and shall actively assist and encourage those under their direction to advance their knowledge and experience.
8. Members shall comply with all laws and government regulations relating to the mineral industries, and with the rules, regulations and practices as established and promulgated by the U.S. Securities and Exchange Commission with respect to the official listing requirements for mining and other companies.

SIGNATURE

I declare, by signing this application, that all statements made herein and on any appended sheets are true and accurate to the best of my knowledge, information, and belief. I shall abide by the Charter, Bylaws and Code of Ethics of the Society for Mining, Metallurgy, and Exploration Inc., and that I subscribe to and will abide by them and all provisions in them as now in effect or hereafter amended and that any untrue or incorrect statement knowingly made by me in this application or my failure to abide by the Charter, Bylaws and Code of Ethics, shall be grounds for my suspension or expulsion from the Society as may be determined and directed by the Ethics Committee.

I affirm adherence to applicable professional and ethical standards, have not had a certification, license, or similar qualification suspended or terminated for ethical or disciplinary reasons during my career, nor have I resigned for such designation in participation of or in settlement of proposed grievance or disciplinary proceedings.

I grant SME permission to contact listed employers, endorsers, and others who may provide information concerning my qualification for membership, and to divulge information contained in the application, or obtained in SME's review, of my qualification, which is necessary for verification of my qualifications.

If elected, I agree to abide by the bylaws and rules of the Society for Mining, Metallurgy, and Exploration, Inc. as the same are now in effect and as they may hereafter be modified while I am a member. I understand that under certain laws and regulations, SME must have my permission in order to communicate with me via fax or email. I hereby give SME Foundation, SME Local Sections and SME business associations permission to send me information and advertisements. If SME does NOT have your permission to communicate with you via fax or email, you may not have access to some of your electronic member benefits.
