

T&UC

Tunneling & Underground Construction

2024 MEDIA GUIDE

UC 
A Division of SME
**Underground
Construction
Association**

The Magazine

Tunneling & Underground Construction Magazine (T&UC) is the official publication of the Underground Construction Association, a Division of SME. UCA is the fastest growing division within the world's largest professional mining society.

T&UC brings together owners, contractors, designers and suppliers with an interest in tunneling and underground construction, and provides a critical resource for best practices, current projects and case studies. Each issue of T&UC features the Tunnel Demand Forecast, a comprehensive overview of many of the largest underground projects taking place across North America.

Readers of T&UC include SME members, UCA members and the industry at large through extensive bonus distribution at industry trade shows. As a supplement to *Mining Engineering* magazine, and as a stand-alone publication, T&UC reaches more than 17,000 industry professionals with each quarterly edition.

The products and services presented in T&UC serve as the foundation of the underground construction and tunneling industries. They are crucial to the success of every project, large and small. If your target audience is the professional decision-maker in the underground construction and tunneling industries, the exposure you receive from an advertising program with T&UC will reach your best prospects four times a year.

TU&C READER STATS

- 90%** of members consider *Tunneling & Underground Construction* as a primary benefit of membership
- 71%** of readers have taken action in the past 12 months due to an ad
- 83%** of readers refer to each issue at least once
- 46%** of readers share their copy with another colleague
- 89%** report being involved in their organization's purchasing decisions

Source: 2020 Readex Readership Survey

CIRCULATION/READERSHIP

T&UC is included as a supplement to *Mining Engineering Magazine* resulting in an average, quarterly circulation of 15,000. UCA members and library subscribers also receive single copies of T&UC, a distribution of approximately 1,500. Circulation figures are a sworn publisher's statement from SME.

Business Profiles

March and December 2024 editions. With the purchase of any regular priced display ad (1/4 page or larger) in this section, receive a free, matching size custom advertorial complimenting your ad. The Business Profile will be created from your supplied text and images at no additional cost.

Magazine Bellybands

(Shown at right)
Magazine wrap. Created from customer-supplied stock of custom printed, based on custom quote.

Magazine Inserts

High-visibility insert positions are available in any issue, in a position of your choice, and based on a custom quote.

Magazine Polybag Inserts

All full-page advertisers in June *T&UC* earn a free brochure insert in the Rapid Excavation and Tunneling Conference (RETC) polybag from customer-supplied materials. Distributed at RETC, June 2023 (see page 4 for details).

Premium Position

Best position advertising on the cover or in the first few pages captures immediate reader attention. These rates are in addition to the earned frequency rate.

Pages 3, 5 or 7	\$400
Inside front cover or inside back cover	\$500
Back cover	\$800

Trade Show Distribution

Distribution at trade shows reaches attendees who have come to get the best industry information available. Extend your advertising message – choose the trade shows that reach your target audience (See page 4 for details).

First Time Advertiser Discount

First-time advertisers receive an additional 10% discount on their first display ad placement, in addition to any other discounts.

ABOUT UCA

The Underground Construction Association, a division of SME, brings together the tunneling and underground construction industry's brightest and most dedicated professionals. Our global membership advance their careers with the world-class technical resources, educational programs, networking opportunities and professional development tools from UCA. Members are focused on sharing best practices on safety, innovation and advocating use of underground space.

Full page	\$840	\$655	\$525
2/3 page	\$640	\$505	\$405
1/2 page	\$535	\$415	\$325
1/3 page	\$350	\$275	\$220
1/4 page	\$315	\$240	\$195
1/6 page	\$235	\$185	\$150

Premium Positions	
Pages 3, 5 or 7 or guaranteed right-hand placement	\$400
Inside front cover or inside back cover	\$500
Back cover	\$800

Frequency rates must be earned before use and may not be taken in advance. Right hand page placement is generally available but not guaranteed unless the guaranteed position rate, above, is part of the advertising order. Free polybag insert space, from advertiser supplied product, must meet weight and size specifications provided by the publisher. All discounts and offers taken must be shown on the signed insertion order prepared by SME sales representatives.

Classified rates listed are for general classified section placement and guaranteed placement is not available due to production and layout parameters. No spot or Pantone inks on classified ads. Basic typesetting and ad creation offered at no additional cost from advertiser-supplied materials. Column-inch ads are not available. Credit card prepayment is required for all classified order bookings. Frequency rebates and agency discounts do not apply on classified ads.

Other Rates and Information

All rates are payable in US funds only. Payment for display ads is by credit card, wire transfer or invoice, with invoicing at 30-day net the standard payment model. Credit card prepayment is required for all classified, professional services, web directory and online advertising. Advertising agency commission discount to recognized agencies only, with supplied pressready files, with no alterations on all regular section display ads. Signed SME insertion orders are required for all placements.

Print Advertising Materials Specifications

File Preparation – Display Ads: Images/logos (before placing into native file): Size each original image to match the size it will appear in the final ad file. Convert all images to CMYK or grayscale and do not use spot colors, RGB, LAB, or ICC color profiles. Images/logos must be a MAXIMUM of 300 dpi resolution before placing into the ad file. Use only Type 1 fonts – no TrueType fonts or font substitutions. It is vital to prepare your images correctly to ensure your final PDF file will be small enough to email to T&UC and to ensure optimal reproduction.

File Preparation – Logos: Logo art must be CMYK or grayscale. Size each logo to a maximum of 2" or 50.8 mm wide. Convert all logo art to CMYK or grayscale and a MAXIMUM of 400 dpi resolution. Convert EPS, AI, CDR, PSD, CPT, etc., to PDF. TIFs or JPGs are also acceptable, but their quality is sometimes inferior to PDF.

Export to PDF: Export to PDF with fonts and images/logos embedded. Provide PDF/X-1a or PDF/X-4:2008 file. Include crop marks only for ads intended to bleed. Do not send full color ad files for black and white reproduction to ensure optimal reproduction. The final PDF, if properly prepared, should not exceed 1-2MB, a file size accommodated by most email servers.

Send PDF: All ad files are to be emailed to garvey@smenet.org. An exception is made if your file is very large (but file must be under 25MB) and requires FTP upload at <http://www.smenet.org/upload/fileuploadpageAdvertisers.cfm>; please alert us whenever you upload a file.

Magazine Printing: Web printing, perfect binding.

Technical Support: Advertisers or designers with questions about the preparation or reproduction of advertising in T&UC may contact the magazine's media manager for technical and/or prepress assistance, garvey@smenet.org.

Send all correspondence, contracts, insertion orders and ad materials to:
